

CARER FRIENDLY POETRY COMPETITION

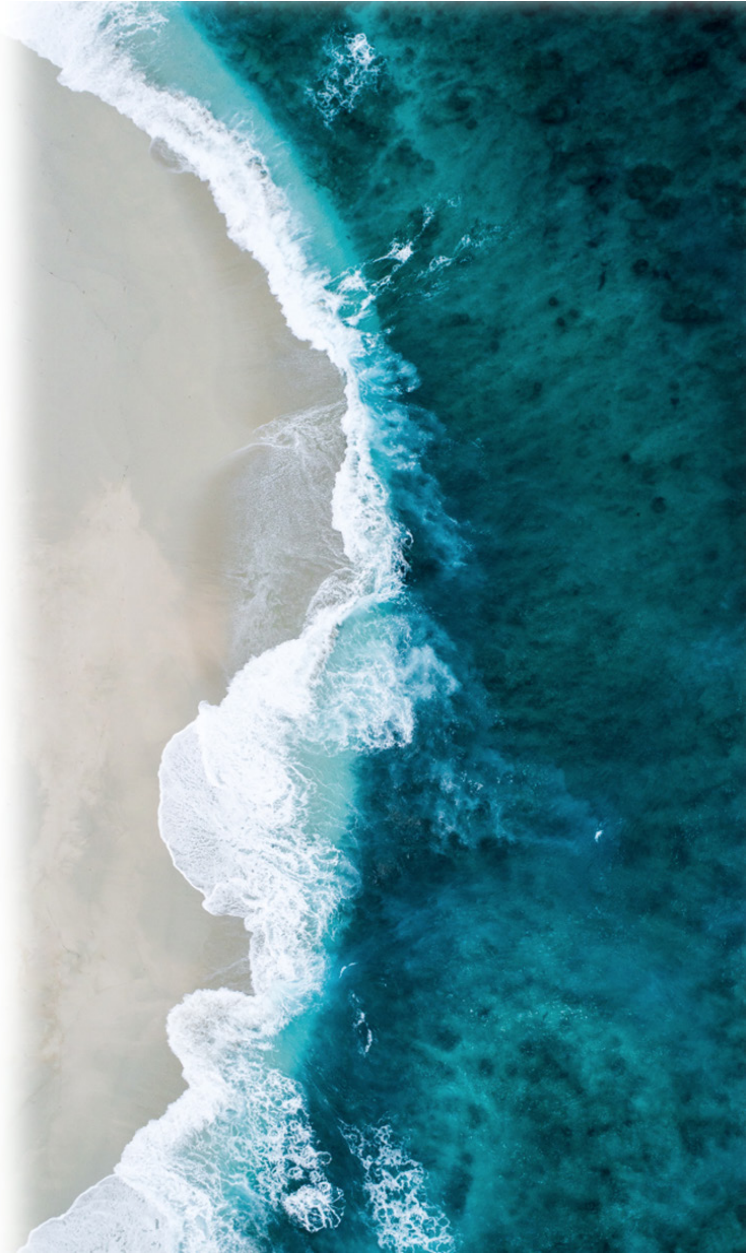

#showyoucare

*She was thinking deep in
herself
Leaving her with sad
emotions
She was thinking of her
wealth
Wishing it was as big as
the ocean.*

*She was taking all
precautions
That would help her end
the crime
Giving all her devotion
Thinking it was a waste
of time.*

*She's stumbled upon a
sign
A sign that drowned her
unhappiness
This helped her stay on a
positive line
Without the feeling of
loneliness.*
